DECODE
AI

Decode AI

* Motivation
- → Outdated course materials
- → Resources not organized
- → Either too begineer or very theoretical
- → Connecting the dots — missing.
- → Course structure → Some are missing.
  → Some are not relevant

* Our Approach
- → Only relevant content as of 2025
- → Connecting the dots between modules.
- → From fundamentals to advanced.

→ Mix of Theoretical + Hands on   + Real life
                      Implementation   use-case

→ Attempt to be the most organized , latest ,

   Industry level Course on youtube (Free !)

→ Team of experts.

* Team

→ Sanjeev Kumar
         ↳ worked at → NVIDIA , SAMSUNG Research etc
         ↳ Alumni — IIT , IIIT

→ Shambhavi Shanker
         ↳ worked at → Google , Oracle
         ↳ Alumni → IIT

* Target Audience

→ Anyone planning to switch to | AI roles. |

- Data & Applied Scientist
- Applied Scientist
- Research scientist

- Machine learning Engineer
- AI Engineer
- Software Engineer (AI/ML)

→ Anyone planning to crack a top | product based | Company

↳ Google, Microsoft, Apple, UBER, NVIDIA, Amazon, Oracle etc

→ Anyone planning to crack | GATE DataScience | or go for a | PhD |
